

# PRIORITY PARK PROJECTS

Photo: Nolan Altwater

In 2023, Friends of Katahdin Woods & Waters provided \$2.7 million in direct funding to the National Park Service for critical investments in visitor infrastructure, as well as projects that will help NPS better protect and understand the natural and cultural resources of Katahdin Woods and Waters National Monument. This funding was made possible by years of dedicated support from our members and contributors to the A Monumental Welcome Campaign. ***Thank you!***

## Project List

### Enhancing Visitor Experience

- Loop Road Overlook Redesign
- Signage Planning and Implementation
- Wayside Planning and Implementation
- Visitor Improvements on Hunt Farm Parcel
